About ENDOFERT

Dear friends,

It gives me immense pleasure to invite you to our annual conference 'ENDOFERT 2023', organised by Jaypee hospital, Noida from 14th to 16th April 2023.

The theme of the conference is ENDOFERT, covering both endoscopy and fertility, as the two fields are often inseparable & and require an integrated approach to treat a patient.

I am grateful to the president of Noida Obstetric and Gynecology Society (NOGS), Dr. Aradhana Singh, for agreeing to collaborate with us. UP IAGE chairperson Dr. Nutan Jain has been a guiding force all throughout.

I am also thankful to IFS president Dr. KD Nayar & UP chairperson Dr. Shashi Bala for endorsing this conference.

Our organizing committee has put in a lot of efforts in careful selection of topics, to meet the requirements of gynaecologists of North India, to keep them abreast with latest technologies and advances in the field of infertility and laparoscopy.

I welcome you all to join us in this academic feast of unmatched quality at ENDOFERT 2023 & take back unforgettable memories.

Dr. Jyoti Mishra
Organizing Chairperson

About the Scientific Meeting

The scientific meeting will be a three day event starting with fertility workshop where in all aspects of clinical approach to an infertile couple will be covered including videos on various IVF procedures.

On day two we will have our live surgical workshop wherein we will showcase a wide variety of hysteroscopic and laparoscopic surgeries performed by the best national faculty.

We will also demonstrate the use of newer devices & equipments.

The main conference on day three will have brainstorming sessions on advancements in endoscopy and fertility.

During this scientific extravaganza, you will get an opportunity to interact with the stalwarts in the field.

Dr. Reenu Jain
Organizing Secretary

Who Should Attend?

- Gynaecologists who want to master different hysteroscopic and laparoscopic procedures performed by eminent faculties and learn from their experience
- Gynaecologists who want to learn latest techniques and get updated information about the legal aspects
- Gynaecologists who want to learn the basic endoscopic surgeries and infertility
- Clinicians keen to understand basics of IVF for better patient counselling.
- PG students to strengthen their practical knowledge about endoscopic surgeries & infertility to improve their performance

Dr. Sanchita Dubey
Organizing Secretary

Conference Highlights

14th April (Infertility Workshop)

- Hands on semenology
- Customized ovulation induction protocols
- Basic embryology for the clinician
- Videos on Inside the IVF lab
- Videos on ovum pickup
- Embryo Transfer videos

15th April (Live Laparoscopy Workshop)

- V notes - A new approach to MIS
- Fluorescent stents usage in TLH
- Lap pelvic and para-aortic dissection
- Site specific repair in POP
- Hysteroscopy Morcellation
- Hysteroscopic repair of isthmocoele
- In-Bag Morcellation

Conference

- Ovarian rejuvenation
- Improving fertility in poor ovarian reserve & azoospermia
- Panel on Choosing the right approach- NDVH versus TLH
- Panel on Tricky situations in endoscopy

ORGANIZING COMMITTEE

How to Reach

About Jaypee Hospital

Jaypee Hospital is a flagship initiative from the Jaypee Group dedicated towards meeting the acute need for quality healthcare. This hospital has been designed as a tertiary care multi-specialty facility having a capacity of 1200 beds with 504 beds operational in Phase-I. Jaypee Hospital is constructed across a sprawling 72,000 sq. mtrs. campus which is easily accessible from Delhi, Noida and Yamuna expressway. The plan, design & construction of this hospital has positioned it amongst the very few GOLD LEED certified hospital buildings in India.

Highlights

- 1200 Beds with 504 beds operational in Phase-I
- More than 250 highly skilled doctors from the world's best institutes
- 111 Critical Care Unit Beds
- Advanced Neonatal ICU
- Dedicated Dialysis Unit
- 18 Modular OTs & Operating Rooms
- 2 Cardiac Cath Labs including region's only Biplane Cath Lab
- Linear Accelerator & Brachytherapy Suite
- MRI (3.0 Tesla) with HIFU, Cardiac CT Scan with unique spectral imaging facility
- Unique Flow Motion 64 Slice PET CT technology
- NABH Accredited
